Dear Author(s),

Mohsen Rezaei Mirghaed

After having carefully evaluated your article titled "**Economic Process and Entrepreneurship**" and taken the referees' advice into consideration, the editors came to the conclusion that your paper is suitable for publication in our Journal. As part of our evaluation process, we normally ask the opinion of two referees who are experts in the relevant field of research. The paper is also read by the editor. If both of the referees and an editor concur in their view, their decision is final. We consult a third referee if there is a difference of opinion. The choice of referees and the fact that we require a consensus view between the referees and an editor ensures, however, that the process is as fair as possible.

Your article has been accepted for publication based on the reports of two referees and will be published in the *Journal of Entrepreneurship, Business and Economics*, **Volume 3 Issue 2, 2015**. It should be noted that JEBE is listed/indexed in: Google Scholar, OCLC WorldCat®, Scirus, ISI (International Scientific Indexing), Open J-Gate, SJournals Index, Directory of Research Journal Indexing (DRJI), Massey University Library, Gaudeamus, BASE, Pubicon Science Index, CiteFactor, Open Academic Journals Index (OAJI), General Impact Factor, Research Bible, International Impact Factor Services (IIFS), E-International Journals of Academic & Scientific Research, Advanced Sciences Index (ASI), Electronic Journals Library (EZB), etc.

Thank you very much for choosing us as an outlet for publishing your research.
